

I heard you lost one of your baby teeth and came as quickly as I could! I was very excited to find that you left your tooth for me under your pillow.

You are doing a great job taking care of your teeth! It's very important for you to brush your teeth every day and eat healthy foods so your teeth stay strong and pearly white.

I took your tooth back to Tooth Fairy Land with me so I could add it to my collection of very special teeth.

Keep up the good work!

Sweet Dreams,  
The Tooth Fairy
